

RECAP – COMMERCIAL TERMS CONFIRMATION

CHAPTER I – INTRODUCTORY & BACKGROUND

Item	% Description
Contract Reference	% BFG-2026-7159
Effective Date	% Date of last authorized signature
Seller	% Bullfrog Group
Buyer	% Bullfrog LLC
Legal Model of Contract	% Sales and Purchase Agreement (SPA)
Recap Validity	% Valid for acceptance for five (5) calendar days from issuance, subject to Seller's confirmation and product availability.

CHAPTER II – SCOPE & COMMERCIAL TERMS

Item	% Description
Commodity	% Bauxite
Country of Origin	% Kamsar, Guinea
Quality / Specification	% As per Annex 1 – Product Specifications
Delivery Basis	% CIF
Contractual Quantity	% 50000 MT

CHAPTER III – FINANCIAL & OPERATIONAL ARRANGEMENTS

Item	% Description
Contract Price & Currency	% USD 70
Payment Terms	% _____
Loading Window	%
Shipping Terms	% Delivery Term: CIF
Port of Discharge (POD):	China

CHAPTER IV – MISCELLANEOUS & BOILERPLATE

Item % Description
Governing Law and Jurisdiction %
Application of Industry Standards % Applicable international industry standards and ICC rules

+ ANNEX I – PRODUCT SPECIFICATION, QUALITY ADJUSTMENT & SAMPLING

Product: Bauxite
Grade:

The product supplied under this Contract shall comply with the following specifications. Guaranteed specifications represent binding commitments by the Seller. Typical specifications are provided for reference only and shall not constitute contractual guarantees.

PRODUCT SPECIFICATION

Parameter	% Guaranteed	% Typical	% Rejection
Specification	Specification	Limit	
Moisture	%	%	%
Ash	%	%	%
Volatile Matter	%	%	%
Fixed Carbon	%	%	%
Sulphur	%	%	%
Calorific Value	%	%	%
Size Distribution	%	%	%

To be agreed between Buyer and Seller.

Sampling shall be conducted during loading at the loading port following internationally recognized standards for sampling. Incremental samples shall be taken systematically and combined into representative composite samples. Sampling and sealing procedures shall be supervised and certified by the independent inspection company.

All quality determinations shall be performed by an internationally recognized inspection company such as SGS, Intertek or Bureau Veritas at the loading port. The inspection certificate issued at the loading port shall be final and binding for both Parties.

One representative sealed sample shall be retained by the inspection company for ninety (90) days for reference in case of dispute.

Moisture content shall be determined at the loading port based on laboratory analysis of representative composite samples. The moisture value determined at the loading port shall be the contractual moisture value for the cargo. Any determination at the discharge port shall be for reference only and shall not affect commercial settlement.

The quantity of the cargo shall be determined at the loading port by draft survey conducted by an independent inspection company such as SGS, Intertek or Bureau Veritas.

The draft survey certificate issued at the loading port shall determine the official shipped quantity and shall be final and binding for both Parties.

The quantity stated in the Bill of Lading and confirmed by the draft survey certificate shall be the contractual quantity for invoicing and settlement purposes.
