

RECAP – COMMERCIAL TERMS CONFIRMATION

CHAPTER I – INTRODUCTORY & BACKGROUND

Item	% Description
Contract Reference	% BFG-2026-7159
Effective Date	% Date of last authorized signature
Seller	% Bullfrog LLC
Buyer	% Bullfrog LLC
Legal Model of Contract	% Sales and Purchase Agreement (SPA)
Recap Validity	% 5 days from today

CHAPTER II – SCOPE & COMMERCIAL TERMS

Item	% Description
Commodity	% Petcoke
Country of Origin	% Russia
Quality / Specification	% Anode Grade
Delivery Basis	% CIF Discharge Port
Contractual Quantity	% 50000

CHAPTER III – FINANCIAL & OPERATIONAL ARRANGEMENTS

Item	% Description
Contract Price & Currency	% USD 250
Payment Terms	% LC at Sight, PB: 2%
Loading Window	% 10-15th march
Shipping Terms	% CIF

CHAPTER IV – MISCELLANEOUS & BOILERPLATE

Item	% Description
Governing Law and Jurisdiction	% DIFC Dubai %
Application of Industry Standards	% Applicable international industry standards and ICC rules %

Product: Petcoke
Grade: Anode Grade

PRODUCT SPECIFICATION

QUALITY PREMIUMS AND PENALTIES

[illegible]

[illegible]

Sampling shall be conducted during loading at the loading port following internationally recognized standards for sampling. Incremental samples shall be taken systematically and combined into representative composite samples. Sampling and sealing procedures shall be supervised and certified by the independent inspection company.

All quality determinations shall be performed by an internationally recognized inspection company such as SGS at the loading port. The inspection certificate issued at the loading port shall be final and binding for both Parties.

One representative sealed sample shall be retained by the inspection company for ninety (90) days for reference in case of dispute.

Moisture content shall be determined at the loading port based on laboratory analysis of representative composite samples. The moisture value determined at the loading port shall be the contractual moisture value for the cargo. Any determination at the discharge port shall be for reference only and shall not affect commercial settlement.

The quantity of the cargo shall be determined at the loading port by draft survey conducted by an independent inspection company such as SGS.

The quantity stated in the Bill of Lading and confirmed by the draft survey certificate shall be the contractual quantity for invoicing and settlement purposes.
