=====

In accordance with the instructions received from the shipper, we attended at, Conakry during the period 01.05.2026 to 10.05.2026 for the purpose of drawing representative samples of the consignment of Bauxite while the cargo was being loaded on board the vessel MV Bullfrog at Conakry. We certify as under:

AT Conakry : Cargo loading commenced on 01.05.2026
Cargo loading completed on 10.05.2026

SAMPLING PROCEDURE

Systematic mass based sampling carried out in accordance with BIS 1405 throughout course of loading. Sublotwise gross sample was constituted by collecting requisite number of sample increments while loading the cargo into the vessel at Conakry. Individual, Sublotwise gross samples were subject to size analysis and further processed to obtain for moisture determination and chemical analysis.

Sub-lot wise samples drawn as above mixed together to prepare composite sample representing the entire shipment.

REF: Certificate No. COA-2026-001

DATE: 11 May 2026

Composite sample representing the shipment at Conakry was divided into 3 parts and sealed with our monogram. After retaining 2 parts for future reference, one part tested in our lab with the following results.

The analysis as per IS 1493 for the specifications computed for the cargo shipped are as under:
